Place up to 20 implants in real patients provided by a University clinic in Barcelona in a specific course designed for students that are looking to gain confidence in live surgical procedures. You will be guided and supported in a one-to-one basis by expert faculty members.

Option 1: Course Only – £8,500 + VAT

University certificate course including placement of up to 20 implants in patients. All clinical materials are included, covering up to 20 implant placements.

Option 2: Start-Up Bundle

Purchase 20 Neoss ProActive® Implants and receive a FREE surgical kit, prosthetic kit, and NeoTell®, plus the course for £13,500 + VAT.

Option 3: Neoss ProActive® Implant Promotion

Purchase 80 Neoss ProActive Implants and receive the course FREE of charge.

Payment Plans negotiable

Contact Nesh.bangard@neoss.com. T&Cs apply.

*Terms and Conditions

The offer is valid until 21st September 2026.

These offers are limited and cannot be combined with any other discounts. Neoss reserves the right to change or withdraw the above offer without notice. All prices exclude VAT and freight charges, which will be added at purchase. Offers cannot be purchased online and must be placed directly with your Neoss Representative or Customer Experience. Neoss reserves the right to amend, correct, or withdraw these offers without notice. Available to UK and Ireland customers only.
